

ARGAN BLEND SHAVE & BEARD OIL

THE FAST DRY OIL THAT NOURISHES SKIN

THE DETAILS:

Our ultimate fast dry combination oil.

It might seem different from your usual foam, but we've found our combination of Argan and natural oils is the perfect way to get the ultimate fast dry shave. Our original blend works just as well as a nourishing beard oil to help keep the skin and beard looking their best. No oily residue or blocked pores, just soothed skin and beard and a properly good shave.

- Paraben and Phthalate free
- Certified cruelty free
- Suitable for vegans

THE SCIENCE:

Whilst many shaving oils give excellent razor glide, they can often be difficult to wash off, leaving skin feeling greasy and lead to pores becoming blocked. Our unique blend contains advanced silicones to give enhanced slip when it's needed most. After shaving, these gentle silicones evaporate from the skin leaving behind beneficial botanical oils which continue to nourish and moisturise the skin and beard long after use.

GET THE RESULT:

Massage into damp face and neck to soften beard before shaving. Alternatively, massage into the beard and skin for added conditioning. Avoid contact with eyes.

SIZE:

1.69 fl oz / 50 ml

KEY INGREDIENTS:

We had to venture a bit further afield to select the top ingredients for this one – but, it was worth it. Argan oil is harvested from the kernels of Argan trees and Morocco is brimming with them. Modern science reveals they're a great source of fatty acids, vitamin E and antioxidants – basically, food for the skin. Next, to Europe for conditioning Abyssinian oil and cooling Starflower oil, both endemic to the Mediterranean. Match these with British Blackcurrant seed oil, Gold-of-Pleasure and Oilseed rape, you've got our innovative Argan Blend.

INGREDIENTS:

Cyclopentasiloxane, Dimethicone, Argania spinosa kernel oil (Argan oil), Brassica napus seed oil (Oilseed rape), Crambe abyssinica seed oil (Abyssinian oil), Camelina sativa seed oil (Gold-of-Pleasure), Borago officinalis seed oil (Starflower oil), Ribes nigrum seed oil (Blackcurrant seed oil), Parfum (Fragrance), Butylphenyl methylpropional, Coumarin, Alpha isomethyl ionone, Hydroxyisohexyl 3-cyclohexene carboxaldehyde, Limonene, Linalool, Hexyl cinnamal, Geraniol, Citral, Cinnamal, Farnesol.
